MARGARET ILGENFRITZ - ORCHIDS

Monroe, Michigan, November 4, 1953

Dear Customer:

So many people have written, asking for plants to bloom from Thanksgiving through the holidays, that I have decided to offer an especially fine group of C. Remy Cholet. All are adult plants from which we have previously cut excellent blooms; all are in $5\frac{1}{2}$ " pots; all in sheath, and most of them are in bud. They are beautiful plants.

They will bloom from late November through the holidays, and a few after the holidays, in January,

Blooms are medium to dark with a fine dark lip. These plants are from an exceptionally fine C. trianae, Emperor A.M. X C. Monarch. This is a good time to ship, before the weather gets too cold.

1 plant, single lead in bud	\$8.50
2 plants	16.00
1 plant - 2 leads in bud	10.00
2 plants	19.00

F.o.b. Monroe

Please send your orders now, and if you want the plants shipped later, I will set them aside for you to ship when wanted.

Incidentally, these plants will make wonderful Christmas gifts.

Cordially yours,

Margaret Ilgenfritz
